
About Us

The Establishment of the Charles University Digitization Center

The Charles University Digitization Center was established with financial support from the project [Vytvoření infrastruktury pro Centrum e-learningu](#). Thanks to this financial support, it was possible to purchase the necessary technical equipment (scanners, a book cleaner, and a stack cutter) and strengthen the technical infrastructure that enables the Center to operate (e.g., expansion of disk storage, etc.)

For details about the equipment at the Charles University Digitization Center, please see the [Equipment](#) section.

Digitization Center for your own digitization projects, feel free to [contact us](https://servicedesk.cuni.cz/marketplace/formcreator/front/formdisplay.php?id=680).
 Please note: The contact form on servicedesk.cuni.cz is available to faculties and staff of Charles University after logging in with a Charles University username and password.

Providing reprographic and other ancillary services

In addition to the services listed above, we also offer [additional services](https://digitalizace.cuni.cz/DKUEN-29.html): OCR processing of documents, book cleaning, or document trimming (whether in preparation for digitization or for other purposes). Our portfolio of services is rounded out by large format printing (A0 format, ideal for printing technical drawings, posters, and similar types of documents).

Providing digitization services to the public

In addition to the above-mentioned services for the Charles University faculties and other departments, we also offer a digitization of [chronicles and archival documents](https://digitalizace.cuni.cz/DKUEN-40.html) intended for the general public - including individual customers, municipalities, associations, businesses and others.
